SKIS Newsletter Club

Our SKIS Newsletter Club is a club where students work together to make a school newsletter. We write about school events, activities, and interesting stories.

UPCOMING EVENTS

- ✳ **Mid Term Exams**
October 7-13
- ✳ **Hangul Proclamation Day**
October 9
- ✳ **Dokdo day**
October 16

Field Trip Day

On 28 August, students from Grades 7 to 12 enjoyed a fun excursion day away from the classroom. Each grade visited a different place and got to spend the day with their friends.

Grade 7 students spent the day at Universal Studios Singapore, where they explored different themed zones, experienced thrilling rides, and enjoyed the exciting atmosphere of the park. It was a great opportunity for students to enjoy their first school excursion of the year with their friends.

For Grade 8, the destination was Adventure Cove Waterpark! Students enjoyed a refreshing day filled with water slides, pools, and exciting attractions. After weeks of studying and schoolwork, spending the day in the water was the perfect way to relax, have fun, and create memories together.

Grade 9 students headed to SuperPark. With a variety of indoor activities and games, students had the chance to compete with their friends, try something new, and show off their skills. The energetic atmosphere made it a memorable day for everyone.

Grade 10 students visited 'Universal Studios' Singapore, enjoying a day filled with exciting rides, entertainment, and adventure. From exploring themed areas to sharing laughs with friends, the excursion was a fun break from the usual school routine.

Grade 11 students also returned to 'Universal Studios', enjoying thrilling attractions, taking photos, and spending quality time with friends. The day gave students a chance to relax and have fun before returning to their busy academic schedules.

Grade 12 students spent their excursion at 'Wild Wild Wet', enjoying a refreshing day of water attractions, exciting slides, and time with classmates. For many, it was a special opportunity to unwind and create lasting memories during their final years of school.

Although each grade visited a different destination, the excursions gave everyone a chance to take a break, strengthen friendships, and enjoy experiences outside the classroom. From thrilling rides and water slides to laughter and shared moments, it was a day filled with fun and unforgettable memories.

WHAT'S UP SKIS?

MUN

On July 15, SKIS held its Model United Nations (MUN) competition, giving students the opportunity to develop their skills in writing, speaking, and international debate. The competition was held in several stages, with "Sovereignty" as the main topic for both the writing and speaking rounds.

In Round 1, students participated in a writing competition, where they shared their ideas and opinions on sovereignty. Students who advanced to the next stage took part in Round 2, the Speaking Competition, where they presented their arguments and demonstrated their communication and public-speaking skills.

The students who successfully made it through both rounds were then invited to the MUN Final Round. In the final, students represented different countries and participated in a realistic MUN session under the United Nations Environment Assembly (UNEA). The topic was "Reducing Plastic Pollution and Marine Waste." Students delivered opening speeches, took part in moderated and unmoderated caucuses, worked together on resolutions, answered questions, and eventually participated in the voting process.

The MUN Final Round was a great opportunity for students to experience how international discussions and negotiations work. Through the different stages of the competition, students were able to build critical thinking, teamwork, research, writing, and public-speaking skills while learning how countries with different interests can work together to find solutions to global issues. It was a meaningful experience that encouraged students to think globally, speak confidently, and take their first steps toward becoming global leaders.

NEW TEACHERS

Mr Alan – Physics Teacher

Q: What inspired you to become a science teacher?

A: **Science has always been my favorite subject! I did well in it in college, so becoming a science teacher felt like a natural choice.**

Q: What do you enjoy doing in your free time?

A: **I've been cheerleading for two years and practice twice a week! I also enjoy running and used to do dragon boating.**

Q: Do you have any pets?

A: **Yes! I have a dog and three hamsters.**

Q: Would you rather have a pet turtle or a pet chicken, and why?

A: **I'd choose a pet turtle because a chicken would be harder to manage!**

**Mocha –
Physics Teacher's Dog**

Q: What do you enjoy doing in your free time?

A: **I enjoy reading! My favorite book is *From Island to Island* by Kim Kim Chew.**

Q: What are your impressions of SKIS?

A: **It's a lovely school with beautiful surroundings, and the food never gets boring!**

Q: How do you unwind after work?

A: **I like to head home and enjoy dinner. My favorite food is tteokbokki!**

Q: Would you rather have a pet chicken or a pet turtle, and why?

A: **I'd choose a pet turtle because they're quiet and always make me feel peaceful.**

Miss Jean – Chinese Teacher

Mr Wang Chi – Chinese Teacher

Q: What do you enjoy doing in your free time?

A: **I enjoy playing badminton and basketball!**

Q: What do you think are the strengths of SKIS?

A: **The teachers are very friendly and treat one another with respect.**

Q: What music do you enjoy listening to?

A: **I enjoy listening to Jay Chou's music!**

Q: What inspired you to become a teacher?

A: **I come from a family of teachers, and they inspired me to follow in their footsteps.**

Q: Would you rather have a pet turtle or a pet chicken, and why?

A: **I'd choose a pet turtle because they're very quiet!**

☀️ Advice for Students! ☀️

Small Habits, Big Changes!

Being a student can sometimes be stressful. There are homework, tests, projects, and many other things to do. Here are some simple tips to help students have a happier and more successful school life!

📅 1. Manage Your Time

Make a simple schedule for homework, studying, and relaxing. Try to finish your work before the deadline instead of waiting until the last minute.

💡 2. Don't Be Afraid to Make Mistakes

Mistakes are part of learning. If you get something wrong, find out why and try again. Every mistake can help you improve.

🧑 3. Ask for Help

If you don't understand something, ask your teacher or a friend. Asking questions does not mean you are bad at something—it means you want to learn.

💤 4. Get Enough Sleep

Staying up late to study can make you tired and less focused the next day. Try to get enough sleep so you can concentrate better in class.

🥗 5. Take Care of Your Health

Eat healthy food, drink enough water, and get some exercise. A healthy body can help you have a healthy mind.

💖 6. Be Kind

Treat your classmates with respect and kindness. A friendly word or a small act of kindness can make someone's day better.

★ Remember!

You don't have to be perfect. Do your best, learn from your mistakes, and improve little by little. Your small efforts today can make a big difference in the future!
